## Legislative/Policy Updates

### Federal Updates

- 5th federal stimulus bill: US Senate Majority Leader McConnell sees a bill to aid state and local governments "likely" in the next two months.
  - Sen. McConnell is interested in a much narrower bill than the \$3T HEROES Act passed in the House and including liability protections for businesses sued over coronavirus-related issues.
  - However, there is no agreement on next steps with the House, so path to enacted legislation is unclear.

### State and local updates

- PA House and today the PA Senate have passed the stopgap 2020-2021 State Budget bill, which is expected to be signed by the Governor this week.
  - Funds the Budget at the 2019-2020 amounts for 5 months, through Nov. 30th, with the exception of most Education line items, which are funded for the full fiscal year. This gives us five months of stable funding, which is good news in the short term.
  - Budget for the remainder of fiscal year 2020-2021 must be passed before December 1st for the final 7 months of the fiscal year.
- PA House Appropriations passing a bill today to begin appropriating \$3.9 billion in federal CARES funds received for distribution by the State.
  - \$2.6 billion total, going to nursing homes (\$632m), intellectual and disability waiver (\$259m), and child-care and development fund block grant (\$106m), among other items.
  - Remaining \$1.3 billion held in reserve for future COVID-related spending.
- Pittsburgh URA preparing a small business recovery loan program to implement at the end of June.
  - Will extend as much as \$75,000 to owners trying to rehire staff or restock inventory. Funds were supplied by CDBG and private corporate capital.
  - Final approval needed at URA June Board Meeting to implement.
