

Allegheny County Community Learning Hubs

Safe places for kids to go to do schoolwork and participate in enrichment activities during COVID-19.

Why a learning hub?

Learning hubs are a great option for parents who need childcare when in-person school is not in session. Learning hub staff will help facilitate the virtual curriculum from your child's school district in the morning and conduct fun activities with them in the afternoon.

What is a day like at a learning hub?

Most learning hubs are open all day on weekdays (check with the hub you are interested in for exact times). Free Wi-Fi is available, but your child should bring their own technology device (laptop computer, tablet, phone). Each child will get headphones for online work.

Staff will help children in the following ways:

- Help children get online each morning and keep them motivated to engage virtually
- Troubleshoot throughout the day and check in with children on completion of assignments
- Facilitate connections to teacher office hours and other instructional supports
- Be attentive to your child's social and emotional needs

We are committed to the safety of your children and the staff who care for them.

Each learning hub must adhere to the COVID-19 health and safety guidance issued by the Centers for Disease Control, the Commonwealth of Pennsylvania and Allegheny County.

The following health and safety precautions have been put into place:

- Daily screening including temperature and symptom checks for children and staff
- Children will be grouped in pods of 10 or fewer and will spend the entire day with that pod
- Adequate spaces, desk and chairs are available to maintain physical distancing
- Children must wear their own mask at all times, except when eating or drinking

Locations

There are more than **50 learning hubs in Allegheny County**. Most locations are open Monday through Friday during normal school hours. Contact a hub near you to enroll and to find out more.

Eligibility

Every learning hub has free spots available for low-income families, with priority for families experiencing homelessness, families involved in child welfare or other human services and children of essential workers. Some learning hub locations offer flexibility with payment including private pay, subsidies and free options. Most hubs serve elementary age children, many also serve middle school, and a few serve high school students too. Families should contact hubs for exact details.

How to Enroll

The easiest way to enroll is to contact the Community Learning Hub of interest directly. To discuss which Learning Hub is best or for assistance, contact Early Learning Resource Center (ELRC) Region 5 by calling 1-888-340-3572 or emailing elrc5@alleghenycounty.us.
