A Look at Metrics

Metric	Source	Current State
Metric #1—Decline in Total Hospitalizations.	The Centers for Disease Control and Prevention (CDC)	
Metric #2—Low Number of Deaths per day OR Decline in Deaths.	State of New York	
Metric #3—New positive cases below threshold.	Commonwealth of Pennsylvania	
Metric #4—ICU Bed Capacity.	CDC and World Health Organization	
Metric #5—Diagnostic Testing Capacity.	Harvard Global Health Institute	
Metric #6— Percent positive cases.	World Health Organization	

Metric #1: Decline in Total Hospitalizations

Metric #1—Decline in Total Hospitalizations. The Centers for Disease Control and Prevention (CDC) recommends that reopening be dependent on a downward trajectory of hospitalizations and infections over a 14-day period.

Metric Definition: A decline in the three-day rolling average of total net hospitalizations (defined as the total number of people in the hospital on a given day) over the course of a 14-day period.

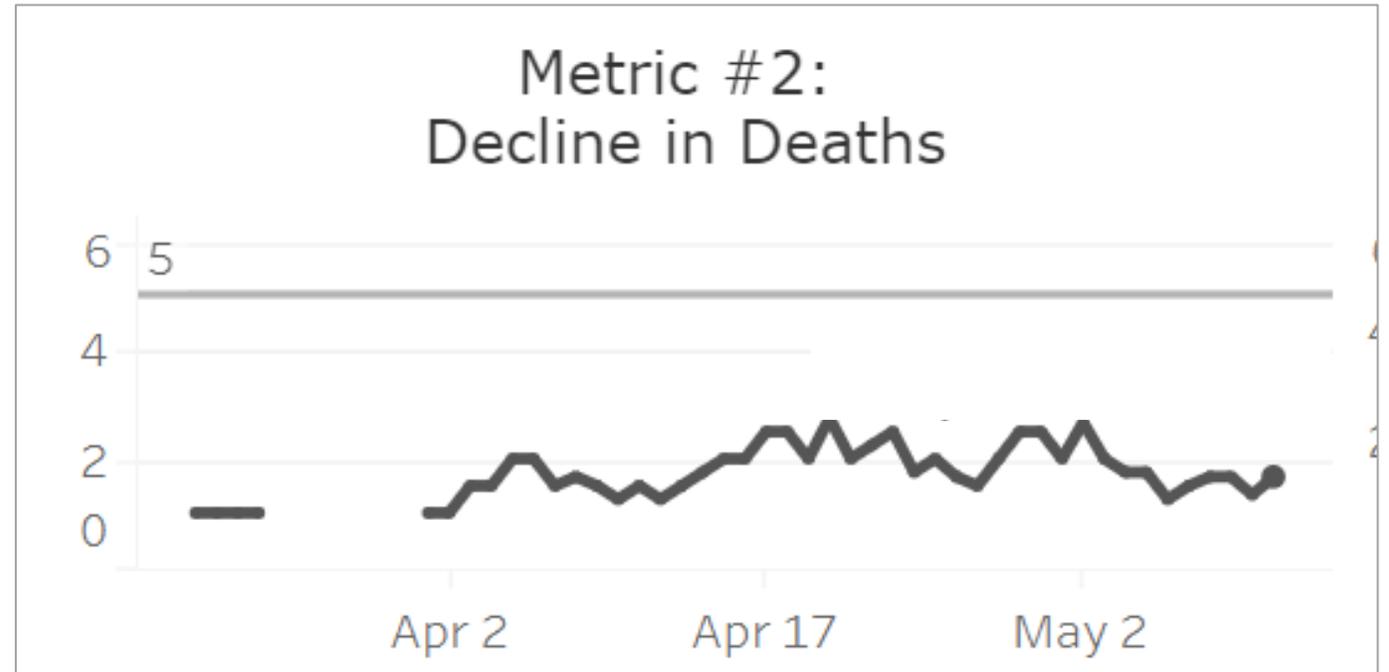

Metric #2: Decline in Deaths

Metric #2—Decline in Deaths.

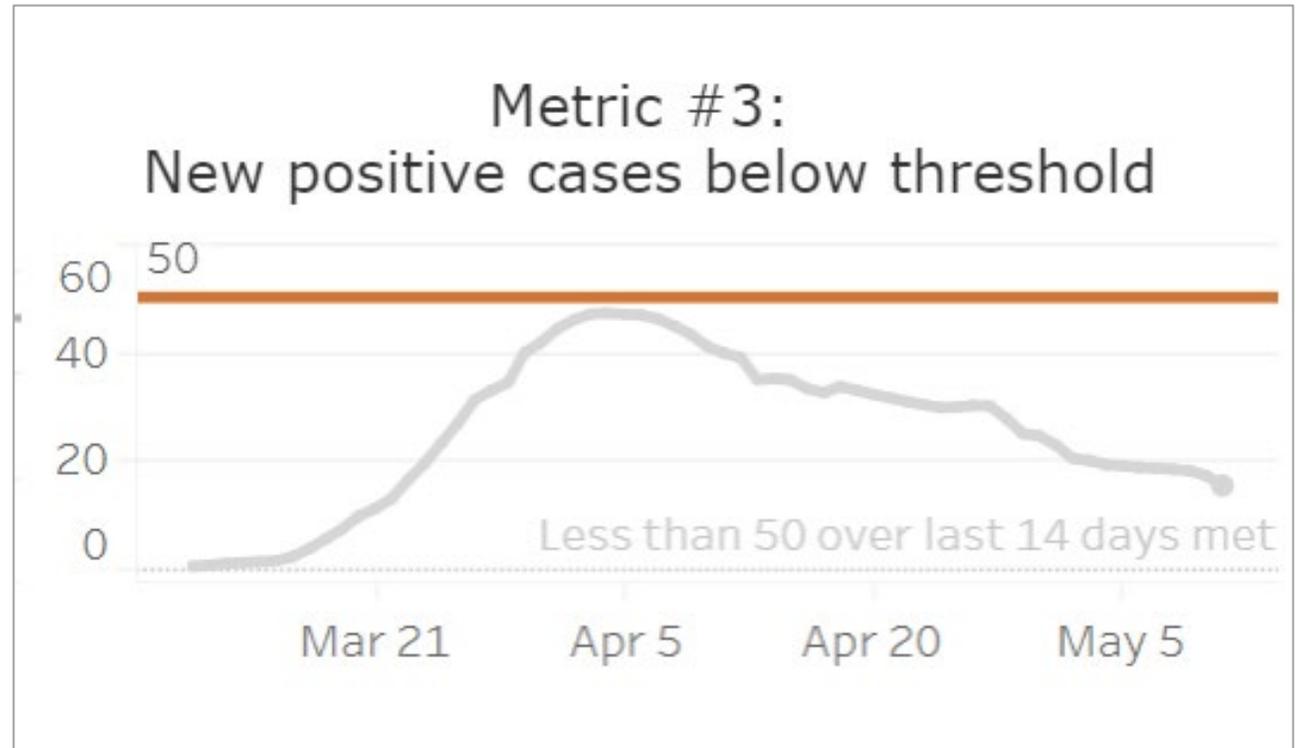

The number of daily deaths is another metric for monitoring the infection rate.

- Metric Definition (a): The three-day rolling average of daily new hospital deaths has never exceeded 5.
- Metric Definition (b): A decline in the three-day rolling average of daily hospital deaths over the course of a 14-day period.

Metric #3: New Positive Cases Below Threshold

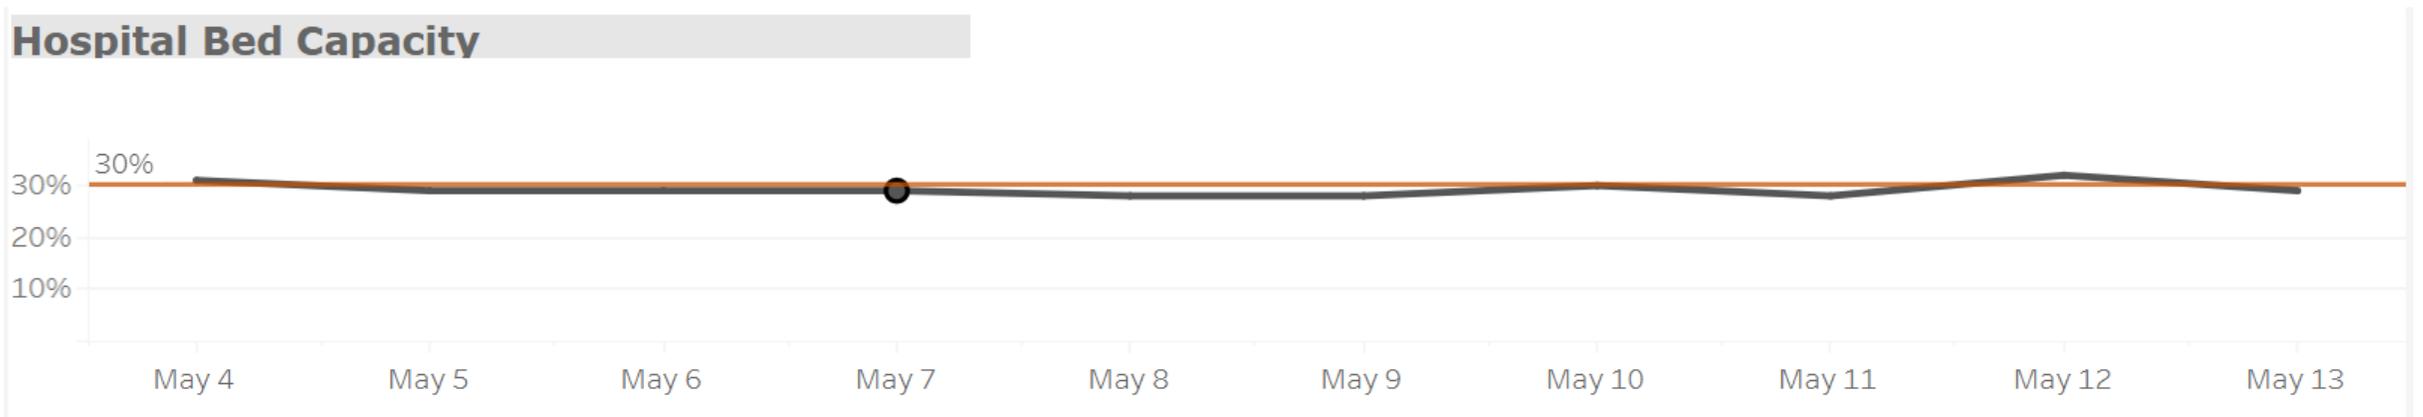

- **Metric #3—New positive cases below threshold.** The PA Department of Health, in coordination with other stakeholders, developed criteria to guide decisions about reopenings that includes sustained positive cases below 50 per 100,000 residents.
- Metric definition: The new positive cases per 100,000 residents is below 50 over the last 14 days.

Metric #4: ICU Bed Capacity

Metric #4—ICU Bed Capacity. Nearly 30% of hospitalizations for COVID-19 ultimately require critical care. Regional health care systems should both maintain sufficient bed capacity for a potential resurgence in cases and have specific ICU bed capacity.

Metric definition: At least 30% of ICU beds available

Metric #5: Diagnostic Testing Capacity

- **Metric #5—Diagnostic Testing Capacity.** A high level of testing is necessary to identify the majority of people who are infected and isolate them from people who are healthy.
- Metric definition: Average daily diagnostic testing over the past 7 days must equal or exceed 152 tests per 100,000 residents.

Metric #6: Percent Positive Cases

- **Metric #6 Percent positive cases.** According to the World Health Organization, communities that see about 10% or fewer positives among their test results may be testing enough. If the rate is higher, they are likely missing a lot of active infections.
- Metric definition: Percent of positive cases is 10% or less.

Policy and Legislative – Federal, State, Local

- 5th federal stimulus bill: House Dems introduced \$3 trillion bill, expected to vote on it tomorrow.
 - Includes \$850b to support state and local governments as well as funding for human services programs, another round of Economic Impact Payments, and much more.
 - Bill is a "non-starter" in the Senate; Senate Rs working quietly on their own bill.
- PA Budget discussions not progressing in current climate – unclear where House and Senate Rs stand on Governor's Budget.
 - Senate Rs suing Gov. Wolf in Commonwealth Court over business waiver program.
 - Intense partisan divide in Harrisburg over support for "rogue" counties attempting to reopen more quickly than Gov. Wolf's orders.
- City of Pittsburgh faces 25% revenue shortfall for March and April, totaling \$31m.
- Pittsburgh City Council passed an ordinance to expand the city's anti-discrimination code to include citizenship status and language as protected classes for housing and public accommodation, to protect immigrant communities.

Family First Implementation Timing Change

This week, the Wolf Administration [announced](#) a decision to shift implementation of key provisions in the Family First Prevention Services Act from October 2020 to July 2021.

- The federal legislation was enacted in 2018 to increase investments in child welfare prevention services and focus on family-based foster care when out-of-home placements are necessary.
- Planning for implementation continues at the County and State levels.

Alert: Health Insurance Deadline for Furloughed/Displaced Workers

- Furloughed workers have **60 days** from the end of their health insurance coverage to enroll in the Affordable Care Act marketplace, which can be among the lowest cost options. If people don't take advantage of that 60-day window, then they will be forced to wait until this fall to apply and their coverage won't begin until Jan. 2021. <https://www.healthcare.gov/get-coverage>
- Consumer Health Coalition, a local non-profit, can help people navigate the process and can be reached 412-456-1877.

New DHS Draft Guidance

- **New DHS Draft Guidance for Providers' Review and Comment**
- This new guidance addresses two areas:
 - PA DOH's **April 15, 2020 workplace safety order**; and
 - Updates to DHS' prior guidance regarding **24/7 residential settings**
- To submit comments on these drafts, please email DHS-COVID19Planning@alleghenycounty.us and write "Guidance feedback" in the subject line.
- These guidance materials are living documents and subject to change based on feedback and ongoing guidance coming out from the State.

New DHS Guidance for Providers' Review

DHS Workplace Safety Guidance – All Providers

- This guidance intends to support the DHS community across the system coalesce around what minimum required safety protocols, consistent with PA DOH's order, are needed for providers conducting in-person operations in the Yellow Phase.
- The main points are offered in response to certain requests for support we heard from several providers in late April.

New DHS Guidance for Providers' Review

DHS Workplace Safety Guidance – All Providers

Main topics addressed in this guidance include:

- Masking, and clients that refuse to wear masks
- Protocols to follow if the workplace is exposed to a positive or probable case
- Considerations for components of a temperature check protocol
- Strategies for maintaining social distancing

New DHS Guidance for Providers' Review

DHS Updates to Guidance for 24/7 Residential Providers

- Sets forth a new communication protocol among providers, DHS, and ACHD for when there is a suspected case in your program, to promote effective coordination
- Provides additional detail in DHS' offsite isolation referral process
- Offers suggestions in how to support clients meet the new restrictions of living with this pandemic

Thanks in advance for your review!

Farmers to Families Food Box

USDA is partnering with farmers, ranchers, specialty crop producers, food processors and distributors, and non-profit organizations to ensure that all Americans have access to the fresh and wholesome food they need during the COVID-19 national emergency.

Farmers

sell food previously destined for restaurants and bulk purchasers to distributors, preventing waste

Distributors

partner with USDA to package family-sized boxes with fresh produce, dairy and meat products, then transport them to non-profits across America

Families

pick up food boxes from local schools, food banks, faith-based organizations and other non-profits

Childcare for essential employees, including first responders

Essential Service:	Childcare for essential employees, including first responders		Overall Service Capability:	At Risk
Staffing:	Stable	<p>Level 1</p> <p>Agencies staff their own services, or have invoked contingency plans that have brought staffing to an adequate level</p>	Supplies:	<p>Level 4</p> <p>20 - 39% of necessary supplies are available for the essential service to be safely and adequately delivered to those in need</p>
Notes: "staffing" for essential childcare presumably includes a huge network of relative/neighbor and other natural support caregivers. Traditional childcare staff supply is stable (with so many centers closed, several staff not currently employed)			Notes: Providers seeking gloves and cleaning supplies	
Service Locations:	Stable	<p>Level 1</p> <p>100% coverage to the public from normal Service Locations, which are open and fully operational to the public and those in need</p>	Funding:	<p>Level 2</p> <p>Concerns over short-term funds to cover operations - cash flow issues arising</p>
Notes: Currently 70 centers open or preparing to reopen, ~220 open spots, many willing to reopen if demand exists			Notes: Local philanthropic community have made this a priority, state is continuing to make subsidy payments to providers, federal bill includes support for childcare, figuring out the logistics to get \$ to providers and families is the challenge	

Childcare prepares to re-open

- Childcare providers will be opening over the next several weeks
- Decisions to open informed by demand by families and staff capacity

Health & Safety Guidance for Open Early Learning Programs

For early learning programs that remain open and for schools providing child care, it is crucial to minimize the risks of spreading the 2019 novel coronavirus (COVID 19).

The following guidance is designed to help maintain health and safety standards and social distancing directives while providing much needed child care service.

Information based on Centers for Disease Control and Prevention (CDC) recommendations available as of May 7, 2020.

School Age Programming

- Many families rely on summer camp for school age children
- State and federal guidance has not yet been released regarding summer camps
- DHS will share a working document with guidance next week
- Some childcare programs have school age spots in addition to early childhood spots

Services for persons who are experiencing homelessness and/or are in supportive housing

Essential Service:		Services for people experiencing homelessness and/or in supportive housing		Overall Service Capability:		At Risk	
Staffing:	At Risk	Level 2		Supplies:	Unstable	Level 4	
		Agencies invoke their own COOP plan				20 - 39% of necessary supplies are available for the essential service to be safely and adequately delivered to those in need	
<p>Notes: Providers are functioning, with some staff performing virtual case management as needed. At risk staff at several agencies are working remotely, but some staff are calling off or not showing up. Staffing issues have not forced services to be closed at any providers, but the network is at risk.</p>				<p>Notes: Necessary cleaning supplies and protective equipment are in low supply, and masks are in very low supply. Providers are trying to secure supplies on their own, but also hoping DHS can provide.</p>			
Service Locations:	Stable	Level 1		Funding:	Stable	Level 1	
		100% coverage to the public from normal Service Locations, which are open and fully operational to the public and those in need				Normal funding available	
<p>Notes: All shelter facilities are still open and are staffed. Shelters with vacancies are still accepting new clients. Isolation/quarantine hotel location is open.</p>				<p>Notes: There are currently no funding concerns for the homeless network; federal stimulus bill includes some additional funding for homeless services.</p>

Essential Service:	Behavioral health acute, crisis, and residential care			Overall Service Capability:	At Risk
Staffing:	At Risk	Level 3 Agencies notify ACDHS, who attempts to find staff across the network	Supplies:	Unstable	Level 4 20 - 39% of necessary supplies are available for the essential service to be safely and adequately delivered to those
Notes: Calls to date with various service providers reports are that staff are resigning or calling off due to COVID reasons but, no disruption in services. We have received reports that providers have staff out sick who may or may not be going through testing at this time.			Notes: Gloves, antiseptic wipes, antibacterial soap, thermometers, etc. in short supply for providers. In the past few days more supply requests have come in. Reminding providers to follow the supply request process and to not call in for supply request		
Service Locations:	At Risk	Level 3 60% - 100% coverage of the public, as some Service Locations have been forced to close	Funding:	At Risk	Level 2 Concerns over short-term funds to cover operations - cash flow issues arising
Notes: Broadened use of telehealth. Reminding providers to submit incident reports when they are updating policies/procedure to their facilities and services.			Notes: Recently approved APA is intended to provide some bridge payment for eligible services. Decrease volume in access impacting providers ability to draw down available funds.		

Mental Health Awareness 2020

[Home](#) [About Us](#) [Speakers](#) [Schedule](#) [Trainings](#) [Resources](#)

On behalf of PA Care Partnership, Youth MOVE PA, and Pennsylvania Department of Human Services, we are excited to inform you of our upcoming plans for Virtual Mental Health Awareness Week 2020.

Our celebration for the recovery and resiliency of mental health will be held during the week of **May 18, 2020**.

We are offering various training opportunities related to mental health and Systems of Care, which will be available to the public as well.

We will be having speakers on mental health including the topics of youth and young adults; parents and families; cultural and linguistic competency; systems of care; and, several related areas of advocacy. We are also working on having several government officials.

We are also gathering resources that will be useful to all.

All our speakers will be pre-recorded, and we will send an email blast as well as post to Facebook, Twitter, and Instagram the day they are posted.

We will continue to add to this website through the week of May 18. Please stop by often.

Website: <http://mha2020.org/>

Various speakers through the week include:

- Teresa Miller Secretary PA DHS
- Jennifer Smith Secretary DDAP
- Kristen Houser OMHSAS Deputy Secretary DHS
- George Fleming Program Supervisor AFN

Behavioral Health: ASAM Training

- DDAP will host a series of live webinars that will provide updated expectations for services at each level of care
- Schedule of webinars can be found [here](#)

**Roll-Out Schedule for ASAM Service Descriptions
(5-14-2020)**

DDAP will be hosting webinar presentations regarding service descriptions and expectations for aligning with *The ASAM Criteria, 2013*. The information presented in the webinars will parallel hardcopy materials that will be posted to the [DDAP's website](#) and sent out via DDAP's listserv closer to the time of the webinars. Providers/stakeholders are encouraged to attend the presentations related to the levels of care (LoCs) which they provide. To provide choice to participants, several dates for each LoC presentation are being offered during which the same information will be presented. Each "Join Skype Meeting" link and corresponding conference and pin numbers in the chart below are specific to the date and time for which they are listed. Joining via the Skype link is preferred over phone participation, so participants have the benefit of the slide presentation. Questions can be submitted on each LoC through written queries submitted to RA-DAASAM@pa.gov. To ensure that your questions are addressed during the follow-up Q & A Webinar presentations or through the written FAQs posted to the DDAP website, please submit them within the timeframes noted in the schedule below for each corresponding level of care.

Many of us are struggling with social distancing, but it can be exceptionally challenging for older adults, people who live alone, those with health issues, and even new parents. Taking just a few minutes to call, leave a handwritten note, or have a short visit (from a safe distance) with your neighbors can brighten their day – and will also brighten yours.

Intellectual Disabilities and Autism services:

Essential Service:	Intellectual Disabilities and Autism services			Overall Service Capability:	Stable
Staffing:	Stable	Level 1 Agencies staff their own services, or have invoked contingency plans that have brought staffing to an adequate level	Supplies:	Unstable	Level 4 20 - 39% of necessary supplies are available for the essential service to be safely and adequately delivered to those in need
Notes: We continue to reach out to agencies weekly. Provider agencies are getting a lot of information but seem to be keeping up service delivery in light of COVID. We have confirmed providers have and are implementing COVID response plans when necessary.			Notes: Providers are reporting that they are submitting supply requests to any and all resources provided and getting some response although quantity is still not near what is needed.		
Service Locations:	Stable	Level 1 100% coverage to the public from normal Service Locations, which are open and fully operational to the public and those in need	Funding:	Stable	Level 1 Normal funding available
Notes: Providers have relocation plans in place but so far, everyone is at their normal service location. Providers are aware of resources available and reporting requirements.			Notes:
